Product Description

Product Description:

Material:

Our PVC foil is primarily composed of Polyvinyl Chloride (PVC), a synthetic plastic material known for its durability, flexibility, and ease of processing.

Appearance:

Our PVC foil comes in a wide range of colors, patterns, and textures, providing endless design possibilities. It can imitate the natural appearance of materials such as wood, stone, fabric, or metal, offering a cost-effective alternative while maintaining a high-quality aesthetic.

Versatility:

Our foil can be applied to various surfaces, including doors, cabinets, furniture, walls, and more. It adheres well to different substrates and can be used in different areas of interior design.

Durability:

Realsun Deco PVC foil is renowned for its resilience to deterioration and strength. Its durability makes it a popular choice for high-traffic locations.

Maintenance:

Once placed, our PVC foil requires little upkeep. It is easy to maintain and typically only needs to be wiped down with a moist cloth once a week.

Cost-effective:

A major benefit of our decorative PVC foil is its affordability in comparison to natural materials. It allows for the creation of upscale aesthetics without incurring associated costs.

Modification:

Manufacturers offer a wide range of styles and finishes, allowing for customization to meet project specifications and personal design preferences.

Application:

PVC decorative foil is commonly used in both residential and commercial settings for applications such as kitchen and bathroom cabinets, interior doors, wall paneling, furniture surfaces, retail displays, and more.

Technical Parameters:

PVC Film Detail Specification

Our PVC film is available in a variety of thicknesses ranging from 0.1mm to 0.5mm. We offer a range of widths including 1260mm, and 1400mm.

Depending on the thickness of the film, the length of each roll can vary from 100m to 500m. We are flexible in meeting your specific length requirements.

We offer a wide range of designs for our PVC film, including wood grain, solid colors, wallpaper design, brick design, marble design, flower design, and laser design.

The surface of our PVC film can be treated with a matte finish, embossed texture, or high gloss for a more premium look and feel.

We provide OEM services and can accommodate customized designs and sizes to meet your unique needs and preferences.

Applications:

Membrane Press

Cover your doors, kitchen cabinets, wardrobes, and furniture with our membrane press technology. Our specialized process can be applied to a variety of materials including MDF, particle board, wooden board, and fiberboard.

Wrapping Profiles

Transform the look of all kinds of profiles, such as wood, aluminum, and PVC, with our wrapping profiles. Use them to cover door frames, window sills, base channels, and PVC ceilings.

Cold Lamination

Add a touch of elegance to your doors and furniture with our cold lamination technique. It can be applied to various flat panels, such as wood, steel, aluminum, and PVC.

Hot Lamination

Upgrade the appearance of your doors, skirting, and more with our hot lamination process. Our expert team can cover PVC, steel, and aluminum panels with a sleek and durable finish.

Self Adhesive

For a quick and easy solution, our PVC films can be made into self-adhesive films. With an environmental acrylic pressure sensitive adhesive and release paper, our self-adhesive film can be effortlessly applied to furniture and decorations for a clean and seamless finish.

Packing and Shipping:

Marble PVC Film Packaging and Shipping

Packaging:

The Marble PVC Film is carefully packaged to ensure its safe delivery to our customers. It is wrapped in a layer of foam sheet to protect it from any external damage. The film is then wrapped with kraft paper and plastic sheet and sealed with tape to prevent any tampering or opening during transit.

Shipping:

Our standard shipping method for the Marble PVC Film is through air or sea freight, depending on the customer's preference and location. We work with trusted and reliable shipping companies to ensure timely and efficient delivery of our products.

For urgent orders, we also offer expedited shipping services at an additional cost. We can arrange for express couriers or air freight to deliver the product to your doorstep within a shorter timeframe.

Once your order has been shipped, we will provide you with a tracking number so you can monitor the status of your delivery. Our dedicated customer service team will also be available to assist you with any shipping inquiries you may have.

For bulk orders, we offer customized packaging and shipping solutions to accommodate your specific needs and requirements. Please contact us for more details and we will be happy to assist you.
